

**1****Account Information**

This box contains important information on your account: the member number and sub account (the three digits that follow the dash), meter number and address for that meter. It also contains billing information, like the service dates being billed, the starting and ending meter reading, how many kilowatt hours you used and the multiplier, which is used in calculating your bill.

**2****Current Charges**

This section of the bill contains information on current charges and adjustments being billed. This will normally include the availability charge, the BEC energy charge, the PPCA charge and the amount for state and county taxes. For more information on how all those charges get allocated behind the scenes at BEC, [click here](#). It will also include any charges for additional services, like checking your meter or reconnecting service, and any credits you are due, like when capital credits are issued each April.

**3****Usage History**

Usage data for the previous 13 months is displayed in this helpful bar chart. This lets you see how your usage has increased (or hopefully decreased) over the last few months. It also enables you to compare use for this January to last January.

If you would like to view your daily usage, register your account on SmartWATCH for free.

**4****Do Not Pay Notification**

Members that have opted for automatic payment options, like automated credit card charges or monthly bank drafts, will see a message here letting them know this is just a copy of their bill and that they do not need to make a payment.

**5****News and Information**

Each month, this section will contain information on programs you need to know about, give you energy efficiency and safety tips, and communicate other important cooperative news. Don't throw away your bill or file it without glancing over this important section. We don't want you to miss important information about your cooperative!

**6****Return Slip**

If you haven't opted for another payment method, like our automatic options or online bill pay, detach this portion of the bill and send it with your payment. Any previous amounts due that factored into the total current charges due on your account are also listed here along with the due date.

***If you have any other questions on your bill, please contact a BEC representative at 1-866-226-3372.***

**DO NOT PAY AUTO DRAFT**

Looking for ways to save? Purchase a programmable thermostat. You can install it in less than 20 minutes. Program it to drop a few degrees while you are asleep or when you're away from home, and put money back in your wallet without sacrificing comfort.

**Don't miss these important deadlines:**

5

**Youth Tour - Applications Due February 9th**  
 BEC will send four area youth on the trip of a lifetime - an all-expense paid trip to Washington, D.C. Don't let the teenager in your house miss this amazing opportunity.

**Scholarship - Applications Due March 30th**  
 BEC offers a traditional scholarship (for an accredited four-year university, college, junior college or TEA-approved trade school) or a lineman scholarship (for a designated lineman training program). Ten \$1,000 scholarships will be awarded.

To view eligibility information or download applications for either of these opportunities, visit [www.banderaelectric.com/youthprograms](http://www.banderaelectric.com/youthprograms).
