

# Service Upgrade/Relocation Request

Upon request, the Cooperative will upgrade/relocate its existing facilities on member's premises provided:

The Applicant does hereby grant to the Cooperative the right to enter the land of the Applicant at all reasonable times to relocate its facilities including the right to install the Cooperative's service lock as necessary. It is further agreed that the Cooperative is herein granted the right to clear the land within a right-of-way of ten (10) feet either side of all electric lines and guy wires on Applicant's property and to keep it clear of all brush, trees, structures, and other obstructions; including the right to cut and trim all dead, weak leaning or dangerous trees located outside of said right-of-way which may damage or interfere with the installation and maintenance of the electric system. It is further understood that the Cooperative shall not be liable for either direct or consequential damages to Applicant's property, real and/or personal, resulting or arising from any action taken by Cooperative employees in carrying out work or activities associated with the design and construction for herein, except when the negligence of Cooperative employees was the sole proximate cause of said damage.
