

ARE YOU PREPARED? ECLIPSE GUIDE FOR BEC MEMBERS

Living in the Hill Country gives you a front-row view of two amazing events. You can easily step outside your front yard to enjoy both days, and with simple preparation, your family can experience the eclipse with minimal interruptions.

PLANNING AHEAD CAN REDUCE STRESS

- Cell, internet, and card readers may be affected by increased tourism.
- Grocery shopping early will allow stores time to restock, while you avoid crowds.
- Fill up your gas tank.
- Schedule appts, before or after the eclipse.

PUBLIC HEALTH REMINDERS

- Have proper eye protection when viewing the eclipse!
- A food license is required if you plan to sell food from your home or business.

ANTICIPATE LOCAL IMPACTS

- There will be extra traffic—especially on the day of both eclipses.
- Expect longer lines at gas stations.
- Postpone lawn watering to reduce pressure on public water systems.

PERSONALIZE EMERGENCY PLANS

- This is the perfect time to check your family's emergency plans.
- Build a home safety kit and talk about your plans in case of an emergency.
